Earlier this year Vauxhall confirmed its new Vivaro van would create an extra 250 jobs at its factory in Kimpton Road. More than 50,000 Vivaros a year are expected to be built at the plant. The contract to build the new van in Luton for the next ten years has also generated investment totalling £185 million.

## First Vivaro handed over at factory

THE first of the new Vivaro vans built in Luton was presented to Vauxhall's latest customer this week.

The van, presented on Wednesday, is part of 65 Vivaros and 140 Movano vans that have been ordered by Homeserve, a national home assistance company.

Tim Tozer, Vauxhall's chairman and managing director, gave the keys to Jadon Silva, Homeserve's director of UK Procurement, at the manufacturer's Kimpton Road factory.

Mr Tozer said: "Both Vivaro and Movano offer outstanding practicality, economy and load-lugging capability so I'm sure Homeserve will be very pleased with their new fleet of Vauxhalls."

"It's also great news that this landmark vehicle has found a home with one of our key customers."

Vauxhall has said its new Vivaro van combines the 'functionality of a light commercial vehicle with the comfort and design flair of a passenger car'.

# Anger over improvements plan for 'black hole' busway

BY CARL MUNGAZI  
carlmungazi@lutononsunday.co.uk

THE Luton Dunstable Busway has been labelled a 'deep black hole' following confirmation that Luton council was planning to use money from an £800,000 Government grant on the scheme.

Cllr David Franks, leader of the Luton Liberal Democrats, said the latest plans were a 'massive waste of taxpayers' money' and criticised the Luton Labour party's handling of the project.

Luton council said it was in the process of 'obtaining costs and developing projects' for improve-

ments on the busway, which will include the creation of two new bus stops at an estimated cost of £100,000 each, and 'improvements' to the shared pedestrian/cycle path which runs alongside the bus track.

The planned bus stops will be near the path from Blows Down to Jeans Way and at the Chaul End Lane junction.

The proposals were reviewed and approved by the Government in July 2014, and construction is expected to begin in 2015-16.

Cllr Frank's criticism of the busway's latest project follows comments by Cllr Dave Taylor last month that estimated passenger journeys for the busway's first year had been

'embellished' and 'pumped up'.

Cllr Taylor has since apologised for his remarks and said he 'got it wrong'.

However, the National Audit Office are looking at the matter after it was referred to them by MP Margaret Hodge, the chair of the Public Accounts Committee.

Cllr Franks said: "Luton's Labour Council must have a whole team of people dedicated to devising new things to go wrong with the Busway."

"It is rapidly developing into a deep black hole into which taxpayers have to keep on dumping more and more money. We do not yet know the cost of constructing the Busway because they are still arguing with the

contractor over the final figure yet they plan to spend another £800,000 of taxpayers' money to make it more accessible.

"The project has cost at least £91m so far and is going to cost £400,000 a year for 'maintenance and cleaning'."

"But for the fact that it is a massive waste of taxpayers' money you could call the whole thing laughable, I call Labour's management of the scheme disgraceful."

Cllr Dave Taylor said: "We are very pleased to have obtained more money from the government for these improvements."

"More bus stops to increase the convenience for the travelling public and an upgrade to the cycleway."

"It is Cllr Franks' Tory Lib Dem government that can see the merit of the busway project and we were pleased to welcome Lib Dem Transport Minister, Baroness Susan Kramer a few weeks ago to open another transport scheme in the town."

"It is not often the Tories give money to Luton."

"Would Cllr Franks have us just turn money away from the town?"

A Luton council spokeswoman said the authority will now consult on the plans with 'local residents, businesses, Sustrans and the Luton & Dunstable Cycle Forum' before deciding on a 'comprehensive list of improvements'.

# Man tried to 'clear the air' with attack victim

**BY JULIA SUTTON**  
 editor@lutononsunday.co.uk

**A MAN on trial for attacking another man and leaving him with severe brain injuries has told a jury he had gone to 'clear the air' with the victim when the incident happened.**

Henry Huggins, 48, has never regained consciousness 14-months after being knocked out and then stamped on in a vicious attack on August 8, 2013, outside a block of flats at Whipperley Ring on the Farley Hill estate.

James Early, 40, who lives on the estate, has pleaded not guilty to causing grievous bodily harm with intent to Mr Huggins, and assaulting him occasioning actual bodily harm.

Mr Early had previously pleaded not guilty to a charge of inflicting grievous bodily harm on Mr Huggins, but that charge has been discontinued following legal arguments.

Michael Speak, prosecuting, said only Mr Early was in the dock because another man involved in the attack, Stuart Docherty, had pleaded guilty to the attack. Docherty admitted stamping on Mr Huggins' head after Mr Early had left the scene. He will be sentenced later.

Mr Early told Luton Crown

**SEVERE INJURIES: Henry Huggins**

Court on Friday that because of on-going problems between him and Mr Huggins, he didn't want 'any trouble' as his young children were due to visit him the day after the attack.

He said: "I just wanted to make sure everything was going to be safe for me and the children."

"I was going to say to him just let it go, get off my back and leave me alone."

"I just wanted to sort out my problems with Henry."

Mr Early said moments after approaching Mr Huggins in an outside communal courtyard, he was attacked by him.

Benjamin Aina QC, defending, said: "Did you have the opportunity to speak to Henry and have

this conversation with him?"

Mr Early replied: "I tried to. I was by the door at the entrance to the flats. Henry came towards me through the front door. He tried to hit me straight away with a bag in his hand and a can."

He said during the incident he hit Mr Huggins three times in an attempt to ward him off.

He then said Mr Huggins tripped backwards over a metal strip at the bottom of the door and 'cracked his head on the floor'. Mr Early said he then went back to his own flat.

The jury have been told Mr Huggins was a frequent visitor to the flats on Whipperley Ring and lived there for much of the time with his girlfriend. He had a dog called Soldier, which the court has been told could be troublesome and aggressive.

The court has heard it led to bad feeling arising between Mr Early and Henry Huggins in the weeks and months leading up to the alleged attack.

The jury was told that in the period leading up to the attack Mr Early and Docherty had "contemplated" violence towards Mr Huggins.

Mark Meah, a friend of Mr Huggins, who is black, told how Mr Early and Docherty would racially abuse him.

The case continues.

## WOMAN, 81, ROBBED AT HOME

AN 81-year old woman fell victim to a distraction burglary at her flat in Whipperley Ring on Tuesday. The incident happened at around 11.15am when the offender knocked on the victim's door and said he was from the 'emergency council' and the property was in danger of flooding. While the victim was on the phone, the offender took cards and cash and fled the scene. The offender is described as white, between 30 to 40 years old, 5'9" to 5'10" tall with a chubby build, short brown hair and wore a dark beige jacket. If you have any information call 101.

## Former deputy crime tsar is referred to the IPCC

THE former Deputy Police and Crime Commissioner for Bedfordshire has been referred to a police watchdog for allegedly getting involved in an on-going court case.

The Bedfordshire Police and Crime Panel, which holds the PCC and his deputy to account, has decided that Tafheen Sharif should be referred to the Independent Police Complaints Commission (IPCC) for investigation over her actions involving a family member who was a witness in an attempted murder

trial.

Last month LoS reported that Ms Sharif had resigned from her role on July 30 after her boss, PCC Olly Martins, was made aware of the situation.

A spokeswoman for the panel said: "It was felt that one or more offences may have been committed and the decision was therefore taken that it should be referred to the IPCC."

"This does not mean that a conclusion has been reached that any criminal offences have actually been committed."

# Luton woman aims for top job with Lib Dems

BY NICK SMITH

nick.smith@lutononsunday.co.uk

A LUTON woman has received a boost in her campaign to become the new president of the Liberal Democrats after being backed by cabinet minister Simon Hughes MP.

Linda Jack, of Furze Close has described the support from Mr Hughes, MP for Bermondsey and Old Southwark and Minister of State, as a 'coup' for her campaign.

Recently, the Lib Dem activist ran for the role of Police and Crime Commissioner for Bedfordshire.

On her hopes of winning, Ms Jack said: "There's still a big hurdle, I need 200 nominations in order to stand."

"However, having Simon backing me is a coup as he's the biggest name

BACKING: Ms Jack with Simon Hughes MP

lending their support to anyone running for it. I think he can help influence members to back me."

Ms Jack also ran for the Luton North Parliamentary seat in 2010 and is the candidate for Central Bedfordshire for next year's general election.

On why she should be the next party

president, Ms Jack said: "We're in a state at the moment, you just need to look at the polls."

"The public have had enough of spin, they need someone who will be honest."

"I also feel we've moved away from the core values, I want to bring the Liberal Democrats back to them."

On why Ms Jack deserves to be party president, Mr Hughes said: "Linda brings experience, she brings enthusiasm and above all Linda brings an understanding of what radical, modern Liberalism means because we need it to change Britain to be the sort of society that Liberals want it to be."

"Liberal Democrats fight battles to make Britain different and Linda will help us have that direction in the next two years ahead."

## Local Muslims say #notinmyname

A GROUP of Muslims in Luton have joined a national campaign which condemns the acts of ISIS extremists.

The #notinmyname campaign was launched by Muslims in Luton at the Al-Hira Education Centre on Wednesday night, with a group standing against the extremist group.

The campaign was adopted and started in Luton by Dawood Masood, Head of Administration at the centre, who said: "I started the campaign locally after seeing the national campaign and it was well received at the launch last night by everyone there, including the council and police."

"I decided to start it locally to speak out against ISIS and to show that we reject their ideology and they do not represent us as Muslims."

"Last week we saw how extreme this group really are with the killing of humanitarian aid worker Alan Henning."

"Alan lived and died for the innocent children of Syria and we honour his

name and memory through this campaign.

"We are committed Muslims and proud Lutonians who are insulted by the constant reference to these misguided individuals as 'Islamic' and therefore we are stating clearly and categorically that ISIS

is not in our name."

On what the Luton campaign has planned for the future, Mr Masood added: "We're trying to get people to use the hashtag on Twitter and to spread the message against ISIS."

"They are not Islamic and they are not a state."

# Heroin smuggler jailed for 21 years

BY JULIA SUTTON  
editor@lutononsunday.co.uk

A MAN who tried to smuggle heroin into the country inside a battered old Jaguar was sent to prison for 21 years on Thursday.

Noman Qureshi, 32, of St Ethelbert Avenue, Luton, was found guilty along with Israr Khan, 35, from Bradford, who was sentenced to 18 years.

A third man, Mohammed Safdar, 43, from London, was acquitted.

The Jaguar arrived on a container ship at Felixstowe port packed with heroin worth more than £37 million.

The massive haul had been hidden in the vehicle's bumper, wheel arches, central console, spare wheel compartment, engine, rear seating and behind the dashboard.

Police found the 316 packets by scanning the car with X-ray equipment.

During the trial the jury were told that on Sunday, December 1 last year the car arrived at Felixstowe port in a container ship from Pakistan.

Prosecutor Gordon Aspdin said documents prepared by a man in Karachi, to get it passed through customs, stated it was being imported to be repaired.

On Friday, December 6

LOADED: The heroin removed from the Jaguar and below, Noman Qureshi

Qureshi drove from his home in Bradford to Luton where he met Khan, then to Ilford where they met Mr Safdar.

The court was told the Jaguar had been delivered to a repair business in Hayes, Middlesex, but before work was carried out a driver was asked, on the Friday evening, to take it on a low loader to a garage in Ley Street, Ilford.

All three defendants waited for the Jaguar to be delivered and were "very, very jumpy", said the prosecutor.

The driver was then told to take the Jaguar to Dagenham, where Mr Safdar's brother had a garage.

All three defendants went to Dagenham, though Mr Safdar had to leave because of bail conditions previously imposed by the police for the alleged theft of a car.

National Crime Agency

Officers watched as the car was unloaded at the garage at around midnight.

But he said Khan and Qureshi were 'spooked' and left the scene, leaving the Jaguar, packed with heroin.

The pair were seen in a Vauxhall Zafira at 1.30am by Bedfordshire Police who followed them and after a pursuit in Luton, along Austin Road, the car was stopped in Britannia Avenue and the two men were arrested.

Mr Safdar was arrested in February this year.

## Plan lodged for 489 rooms

A PLANNING application has been submitted for 130 flats and 359 student rooms in the town centre.

The proposals, by London-based Oyster Properties Assets, could see two car parks at Flowers Way, turned into 65 one-bedroom flats, 65 two-bedroom flats, and 359 rooms for students.

It will be split into three

buildings, with the tallest reaching up to 11 storeys.

Luton council officers have recommended that the plans be approved subject to the developers making contributions to education and waste management infrastructure in the area.

Councillors will discuss the proposals during a meeting on Wednesday.

The authority has only received one letter of representation against the development.

A document due to be presented on Wednesday said the letter had raised concerns about a number of things, including the impact of the housing on local businesses and increased noise and disturbance.

ON YOUR MARKS: England's Darren Deed will line up

## International ready for half marathon

AN ENGLAND international long distance runner from Luton will line up in the town's half marathon later this month.

Darren Deed, 36, will be taking part in the race and said of the Love Luton organised event: "I'm looking forward to it, it's a rare chance to run on a closed roads course and it looks like it will be a challenge."

Mr Deed set a time of 65.28 at this year's Great North run, coming home 15th overall and being the third Brit over the line.

# Concern over new council dog order

BY CARL MUNGAZI

carl.mungazi@lutononsunday.co.uk

A CHARITY has expressed 'concerns' over new dog orders requiring Central Bedfordshire dog owners to keep their pets on a leash in certain areas.

From October 19, dog owners face an £80 fine if they fail to comply with new orders set out by Central Bedfordshire Council.

These include failure to remove dog mess on any open land, allowing dogs off their

leads in certain areas, failure to put dogs on a lead when asked by authorised council staff and allowing dogs to enter areas where they are banned.

However, the Guide Dogs for the Blind Association have said the orders could create difficulties for dog owners.

Sue Rowen, a community engagement officer for the charity, said it had written to Central Bedfordshire councillor Brian Spurr asking to clarify how spot fines could affect guide dog owners un-

able to read new signs.

A council spokesman said: "The Dog Control Orders do include exemptions for people with assistance dogs."

"We consulted with dog charities and welfare groups before finalising the orders, and they are fully behind our plans."

The spokesman added that ensuring dogs are under control would be benefit all people and 'make Central Bedfordshire an even better place for residents and visitors'.

## Cloudy2Clear Windows – Service With A Smile!

It's been a crazy few months for Cloudy2Clear Windows. The company which specialises in repairing windows which are steamed up, broken or damaged by replacing the panes – not the frames has grown rapidly as homeowners take advantage of their services.

Managing Director Tom Bliss feels that it's all about service. "Our product is simple. If your double glazing is misted up we can replace the glass at a fraction of the cost of a new window, in any type of frame, and with a new 10 year guarantee. But it's not just about saving people money, although that obviously helps. Many

tradespeople have struggled since last year and I honestly feel that during the good times a minority perhaps didn't focus on customer care as much as they should have done. We make sure we turn up when we say we will, do the job the customer requires and leave their house as clean as a whistle. I often get comments back from customers on how they really didn't expect that sort of service which, in a way, is very sad for the service industry as a whole."

Cloudy2Clear service the Luton, Dunstable and Stevenage areas and Tom is finding that his approach is a major factor in his success.

"The truth is that it's not just the personal satisfaction that I get from doing a good job but also it makes good business sense. I get a huge amount of business from friends and family of people I've done work for, which just goes to

show how much a little bit of effort is appreciated."

So, if your windows are steamed up, broken or damaged give Tom a call for a free quotation on 0800 61 21 118 and he'll be happy to help!

# '24 Hours' show will focus on child abuse

**BY NICK SMITH**

[nick.smith@lutononsunday.co.uk](mailto:nick.smith@lutononsunday.co.uk)

**INVESTIGATIONS** into child abuse cases feature in tomorrow night's episode of the Luton-filmed TV show, **24 Hours in Police Custody**.

In this instalment of the documentary series, DC Annie Fowler and DC Selena Humphreys provide a glimpse of their day job; which includes viewing child abuse images and films, in an attempt to successfully prosecute suspects.

The episode (9pm, C4) focuses on a suspected paedophile attempting to abduct children on their way home from school.

With the culprit at large, cameras follow the Major Crime Unit as they lead the operation to arrest a third suspect following a statement from a nine-year-old girl and an e-fit description.

On the work done by Bedfordshire Police to tackle child abuse, Detective Superintendent Karen Thomas, explains: "Making, sharing and distributing indecent images of children is a very serious crime."

"Every indecent image is an

**TOUGH JOB:** DC Annie Fowler (left) and DC Selena Humphreys

abused child and as part of a global network of law enforcement and child protection organisations, we work tirelessly to seek out, identify, arrest and prosecute those involved with producing, distributing, sharing and viewing child abuse images.

"We have access to specialists working across international borders who use increasingly sophisticated methods to track images found anywhere

in the world back to those offenders who have created them as well as those who have shared and distributed them."

Detective Constable Selena Humphreys says: "I could never quantify how much child abuse there is out there, but it is something that goes on behind closed doors day-in-day-out, it's something that people would like to think doesn't exist but it does."

## This is why people don't vote

SIR – Well, we've had the Scottish referendum in which the politicians, papers and good old Auntie Beeb took all our spare time to tell us this poll said this and that poll said that. It gave a great deal of employment to many people who had never been heard of before and will never be heard of again!

The whole process seemed to last forever and probably did. The only thing I got out of it was the concessions the Scots enjoy, like free prescriptions. Was this agreed on when we found oil?

Now it's all over look what's come along – the party conferences. And in no time at all of course we have the General Election. Oh, joy! Mind you, it's started already – whenever a conference speaker is on TV they turn it into a party political speech. There is just no getting away from it. And the politicians wonder why people don't vote. It's because they are fed up with all the coverage.

But before that, dare I mention Christmas? I'm sorry, let's hope you have a good one.

AD Currant  
Wensleydale, Luton

## Make sure you get flu jab

SIR – As we head further into October, Diabetes UK is recommending everyone with diabetes takes up the offer of a free flu jab from their GP as soon as possible.

People with diabetes are a 'high-risk group' when it comes to getting flu, and are

## Figures not a 'political football'

SIR – Regarding the issue of busway passengers numbers being "embellished" (LoS, October 5).

Cllr Dave Taylor finds it "regrettable that this genuine mistake during a live interview has been turned into a local political football".

He refers to the business case submitted in 2008. Why was this business case used in later 2009/10 after the financial crash? The Council would have known that the main use of the busway would be for people to get from Dunstable to the airport

and the train station in Luton which would have been significantly reduced by the change in our financial circumstances following Labour mismanagement of the economy.

Cllr Taylor and his colleagues must have known the figures were much too optimistic, whether or not they were "embellished" although Cllr Taylor is now saying this was "the most likely scenario". Do they know what they are talking about at all?

But what is really important is that Cllr Taylor seems to think that the

electorate have no right to question such statements, rubbishing genuine enquiry as a "political football". We should merely wait to be done to, by a Council that does not know what it is doing. Who's money is the council spending? Whether from national or local taxes, this is our money and it is being wasted. Should we not have the right to question? This council has no sense of representing the people of Luton but behaves as if it is a law to itself.

Mrs M R Simons  
Fairford Avenue, Luton

entitled to free immunisation – aged six months and up.

But nearly a third of people with diabetes under the age of 65 are still not getting the jab.

This can leave people with diabetes open to many health problems, including complications of flu such as pneumonia and bronchitis. We know that people with diabetes under the age of 65 are about five

times more likely to die from the flu than those who don't have the condition in this age group.

So if you have diabetes and you haven't already been invited for a free flu jab, please take the time to contact your GP surgery to find out when they are holding clinics.

Sharon Roberts  
Eastern Regional Manager, Diabetes UK

## Tea and cakes for charity

SIR – We hope *Luton on Sunday* readers enjoyed the final of the Great British Bake Off and seeing Nancy win was just the icing on the cake! The competition has taken the nation by storm but now it's over, readers might need a little something to fill that missing slice in their lives – fear not; Bake Off can live on with the Asthma UK Tea-riffic Party.

Asthma UK supports the 1 in 11 people with asthma in the UK, as well as funding exciting research into new treatments, and ultimately a cure for this condition.

Every 10 seconds someone is having a potentially life threatening asthma attack in the UK and tragically every single day three people die. We want to change this but we need your help to raise vital funds... And what better way to put the fun into fundraising by raising some dough for charity!

ANOTHER day and another new school appears on the horizon. I have said before that I have no real philosophical opposition to free schools. It is more the effect they have on the education system.

It obviously becomes much more difficult to manage, with new schools appearing irrespective of whether or not there is a requirement for extra places. And, of course, parents are often not very logical when it comes to the education of their own children.

I chaired a meeting of parents and politicians in the south of the county last year.

It was between parents and councillors, concerning the possibility that schools, particularly middle schools, may have to close because of surplus places.

Added to the mix of three tier, faith schools and private schools are free schools and academies that can switch to primary and secondary.

The parents, who could have filled the hall three times over, were very upset but a part of me thought that, wittingly or unwittingly, most of you voted for this

## Influx of schools may teach us all a lesson

potential chaos. And schools don't just close, like pubs, hurting virtually no-one. They tend to sink very slowly, damaging the children's education, as well as the morale and future prospects of the teachers.

This can be very painful for all concerned and should be part of an overarching education plan, not in an anarchic free-market economy style.

The other issue that is rearing its head and further complicating a very muddy field is selection.

Free schools and academies may live or die on their Ofsted reports and, even more importantly, their exam results.

And, as private schools have known for a long time, one of the best ways to ensure good exam results is

not to accept the difficult and the not so bright children.

This is already beginning to happen and will obviously have the result of showing those schools that reject, or expel,

students who do not fit the profile, of both improving their scores, while bringing down those for comprehensive schools.

So, for a while at least, it becomes a self-fulfilling prophecy.

See, we told you Free Schools would raise standards!

Improving education for the middle and aspiring middle classes will no doubt be a vote winner, even if it is at the expense of the poor and less able.

What it will not do, however, is improve the health and wellbeing of the nation. But no-one has ever cared about that, have they?

YUM: Students raised money from selling cakes and biscuits

## Cake off helps to raise charity cash

STUDENTS and staff at a high school have raised £554 for charity from selling cakes and biscuits.

Lealands High School joined MacMillan Cancer's 'World's Biggest Coffee Morning' to raise the funds.

Staff donated cakes and biscuits, while students baked during lessons and after school to ensure there was enough to go round. There was also a community event afterwards.

Last year, the school raised £257.98.

# Driver injured in 'hammer attack'

BY JULIA SUTTON

editor@lutononsunday.co.uk

A MAN is in hospital with serious head injuries after being attacked with a hammer.

The victim had been sitting in his car talking with a pedestrian at the junction of Douglas Road and Erin Close last Saturday at 4.15pm when he was set upon.

Two men got out of a dark VW Golf which was parked across the road in a car park behind a laundrette.

They walked towards the victim's gold/bronze Ford Fiesta before attacking him through the window.

The pair then pulled the man from the vehicle and hit him over the head with a hammer before kicking him to the ground.

After the attack, one of the men got back into the Golf and left, while the other man left the scene running along Douglas Road towards Selbourne Road.

The victim was seriously injured but managed to get

back in his car and drive to the Luton and Dunstable Hospital for treatment.

He was then transferred to Addenbrooke's Hospital, Cambridge, for treatment to the head wound.

Bedfordshire Police said he was in a 'serious but stable condition' and may have known the men responsible for the attack.

Anyone with information relating to this crime can contact detectives on 01582 394009 or by calling the non-emergency number 101.

WHAT do you do when life makes you unemployed just as Christmas is coming up? You make marshmallows, of course!

That's what 34-year-old former teaching assistant Laura Woods did last December and now she's running Mello Mallo, an online store selling marshmallows made by hand with natural ingredients.

She is among thousands nationwide who have benefited from the government's New Enterprise Allowance scheme which is giving loans to unemployed people looking to start a business.

So far, the initiative is said to have helped 50,000 new firms across the country. Laura, who lives in the town centre, received £1,000 and from that was able to launch Mello Mallo in May this year.

She said: "I found myself unemployed just before Christmas last year and I was aware that there was a scheme that would help me start up a business."

"My business idea was to make marshmallows and I had already made them as Christmas presents, and

people liked them. I have always had a real passion for food and with marshmallows I can pick the flavours I want. All of mine are naturally flavoured and I currently have raspberry and white chocolate drizzle, chocolate made from 100 per cent cocoa, vanilla and mint chocolate chip.

Laura didn't get the money to start her business easily.

She had to produce a business plan to prove she had thoroughly thought through her ideas.

She said: "I needed to have a plan with the cost of my items and then that was sent to some people to look at."

"So once you have your business plan done and you had done your research that is fine because that's what they want to see."

Mentoring was provided by Wenta, an enterprise agency which works with start-ups and established businesses across Hertfordshire and Bedfordshire.

Laura said her mentor Paul Lee was a 'great benefit' and gave her 'experience and expertise'.

In addition to being found online, Mello Mallo marshmallows can also be found at various stockists around the county.

# Time's running out to nominate a hero

**YOU have only got two weeks left to nominate your hero for this year's Luton's Best Awards.**

Organised by Love Luton, the awards honour people in the town who go out of their way to make a difference in other people's lives.

You can nominate by going to [www.loveluton.org.uk/lutonsbestawards](http://www.loveluton.org.uk/lutonsbestawards) and entering online, or by collecting a form at locations across Luton, including the Town Hall and library. But don't delay - nominations close on Monday, October 27.

Shortlisted nominees will be invited to The Luton Hoo Hotel, on Friday, November 28 for the awards ceremony.

Here's a reminder of three more categories and the winners from last year's awards.

**■ Sporting Inspiration (sponsored by VolkerFitzpatrick)**  
**Winner - Colby Nicholls-Brown**  
Colby, described as a thoughtful and incredibly caring teacher, runs the Access 2 Sports Programme for special needs children. Colby shows superb patience and understanding and her way of learning keeps the children engaged and motivated.

**AWARD WINNERS: Billy Schwer (pictured left) and Declan Duggan**

**■ Lutonian of the Year (sponsored by easyJet)**  
**Winner - Billy Schwer**  
Billy is the former British, Commonwealth and European lightweight and the IBO World Light Welterweight title Champion. He had a hugely successful career winning 39 fights. He is also Patron for the local charity LAMP. Billy has always been a strong supporter of his home town and will attend community events often giving up hours of his time to make a difference.

**■ Lifetime Achievement (sponsored by VolkerHighways)**  
**Winner - Declan Duggan**  
Declan has shown how one person's individual determination, commitment and desire for justice has changed the law of the land. The Duggan's Law Campaign was brought about by the sad loss of Declan's son Kevin in a road traffic accident in 1998 caused by a drunken driver. He took the campaign to the top and has definitely saved lives. He is an inspiration to us all.

**The key to finding out why you're getting bouts of intense and painful cramps in your legs is having the appropriate diagnostic tests.** Very often the typical tests don't pick up the problem that's causing this to happen and in those cases all you're left with weak advice like "you're just not stretching enough" or "you're not drinking enough water."

Seriously, if it was an issue of not drinking enough water, every muscle in your body would be cramping all at once since they all get the same amount of water.

As for stretching, it does give temporary relief in the daytime, but who wants to stretch at 3am?

You might get lots of other advice as well, all of which is just as deeply flawed, and you're likely to get something different from every

# Do You Suddenly Get Attacked By Bouts Of Relentless And Painful Cramping?

**If you are you fed up with advice like "you need to drink more water" or "you need to stretch more" and you're looking for real answers, then read on...**

healthcare provider that you speak to. They all have their own opinions.

**But opinions won't help you stop the cramping. The solution to this problem comes from finding out what's really going on...**

So what's the answer?

It's essential to understand that a muscle cannot contract by itself (cramps are intense muscle contractions). Muscles need nerves to tell them to contract, if you cut the nerve there will be no contraction and long-term there will even be muscle wasting - you would have seen this if you know someone who's been paralysed or suffered some other type of nerve damage in an accident. Nerves are the source of muscular activity in the body **FULL STOP**.

When someone suffers from frequent and painful cramping problems, the first logical place to look should be nerve activity - but this is often completely overlooked and nerve misfires are never the suspected cause.

**Nerve misfires are a cause of cramping.**

When a nerve is chronically mechanically disturbed (twisted, compressed or stretched) it starts to misfire, usually it will cause the muscle to get tighter and more likely to cramp. Very often there are no obvious signs or symptoms

that this is happening and it quietly creeps up on you. Cramps can be the first obvious sign that something is wrong.

**Recent advances in the technology used to measure nerve misfires have led to improved diagnostic methods which can remove the "mystery" of what is causing you to have the painful cramps.**

These tests are not about looking at markers that tell you when the machinery's gone wrong (like blood tests and cholesterol etc), this is about telling you **WHY** things have gone wrong.

When the cause is identified and treated directly with the correct procedure (rather than covered up with symptom relieving therapies like medication, acupuncture or various physical therapies) then, and only then, can the cause of the problem be cured.

In Bedford this combination of important technology that diagnoses the cause of nerve misfires and their related health problems can only be found at the Atlas Wellness Centre.

Call them now and get a full and thorough examination of your structure and nerve system for just £37, the normal cost of such an exam is £195 so you will save £158!

You will benefit from the latest comprehensive structural examination, including digital DR X-Rays (if clinically indicated) which are computer analysed; and full and thorough thermal and

electromyographic analyses of your nerve system which will specifically locate misfiring nerves.

Don't suffer with those cramps any longer. Discover the diagnostic technology that will tell you **WHY** things are wrong and the proven natural treatment that can eliminate the cause of your problem and give you the safe, lasting relief you deserve.

Call them now on **01234 340317** and cut out or tear off this valuable article now and take it to your appointment. You'll be entitled to a comprehensive examination to diagnose the cause of your cramps - and you'll be on your way to safe, lasting relief! Don't delay your important diagnosis and corrective procedure another moment!

You can even call on the weekend and leave a message on their answer machine to secure your spot as they promise to return all calls; and during the week they are very busy, so if they don't pick up straight away do leave a message.

For obvious reasons they can't help everyone at this reduced price, so please call soon to secure your special opportunity.

Call **01234 340317** NOW and leave a message, if it's the weekend or the line is busy - they promise they will get back to you as soon as possible. (Quote: **LOS37CC2**)

**BY CARL MUNGAZI**

**A STORE manager has been injured after being hit by a car while trying to stop a pair of shoplifters.**

The incident happened in Houghton Regis between 8.40am and 9am on Monday, September 29 but police have only just released details of the incident.

The manager had been in the Morrisons store in the High Street when two men were challenged by store staff

as they attempted to steal toiletries from the shop.

They then got into a blue Mercedes, registration number RE05 PDY, and drove away from the scene towards the Chequers Public House.

As they did this, the 31-year-old manager was hit by the car and suffered a broken hand and bruising to an ankle.

He was taken to hospital for treatment to his injuries and is now recovering.

Bedfordshire Police have described the first man as

white, 5ft 10 tall, plump and wearing grey combat trousers, a blue t-shirt, a black fleece, a high visibility vest and a black baseball cap with the words 'Jesus loves us' in red.

They said the second man was also white, 5ft 8, well built with a dirty appearance and wearing a black leather jacket and dark trousers.

Anyone with information relating to this crime can contact Bedfordshire Police on 101 or text information to 07786 200011.

BEDFORDSHIRE Police have donated 15 bikes to a Luton charity dedicated to diverting young people from a life of crime.

The bikes had been recovered by officers over many months and after extensive searches of lost property reports were left without owners.

## 'Positive' response to Aldi store plans

BY CARL MUNGAZI

[carl.mungazi@lutononsunday.co.uk](mailto:carl.mungazi@lutononsunday.co.uk)

**PLANS have been submitted for a new Aldi food store in Luton which could result in up to 30 new jobs.**

Aldi said 86 per cent of residents it polled supported proposals for a new single-storey store on land between Scott Road and Sundon Park Road.

The company said the proposed store's location was 'ideal' as it was near residential areas and Sundon Park's district centre.

According to the plans, the store would be accessed via Park Avenue and would have free parking for customers.

A spokesperson for Aldi said: "We are encouraged by the very positive feedback we have already received from local residents and are excited about introducing a new discount food store to this side of Luton."

"We feel this is a great opportunity to offer residents a genuine choice when it comes to completing their shopping."

A number of residents who support the plans have been leaving comments on Facebook. Helene Evans said:

"I think it's a good idea – fed up of paying stupid prices at Tesco/Sainsbury's."

The spokesperson added: "We have worked hard to develop our plans for the site to ensure we can deliver a high-quality store which would regenerate this vacant site, whilst providing multi-million pound investment to the area and up to 30 new jobs."

# Airport planning to change flight paths

BY CARL MUNGAZI  
carl.mungazi@lutononsunday.co.uk

**LUTON Airport has submitted proposals for a new flight path for departing planes to the Civil Aviation Authority (CAA) for approval.**

The airport recently finished a consultation on its plans to introduce new navigation technology to enable planes to follow routes more precisely on departure.

Currently, flights leaving the airport to the west follow the same path and are

supposed to stay within a Noise Preferential Route corridor designed to minimise noise for those below.

However, the airport said this did not always happen as planes sometimes stray outside this corridor and go over densely populated northern parts of Hemel Hempstead and St Albans.

It is hoped the new navigation technology will solve this by helping aircraft follow the route's centreline more closely and take them away from densely populated areas.

The new flight path passes between Markyate and Flamstead, Redbourn and Hemel Hempstead, as well as St Albans and Harpenden.

A Luton Airport spokeswoman said it had worked on the changes in 'close consultation with affected communities' and that it would 'avoid as many communities as possible with a 75 per cent reduction in the population overflown by the current route'.

See a map of the flight paths by visiting [www.luton-dunstable.co.uk](http://www.luton-dunstable.co.uk)

## Nick's flying high as the new CEO

LUTON Airport has announced that Nick Barton will be its new CEO from the end of this year.

Current executive chairman Clive Condie will then revert to his previous role of chairman of the board.

Mr Condie said: "The team at Luton Airport has a fantastic vision to develop a modern, friendly and efficient airport."

"In Nick we have found the ideal individual to deliver that vision."

# Paying tribute to foster carers and their children

**CENTRAL Bedfordshire Council recently held our Celebration of Fostering evening, which did exactly as the name suggests – pay tribute to the brilliant and often unheralded work of our foster carers and their families.**

As well as recognising the huge contribution made by the foster carers themselves, we also wanted to thank their own children, who may suddenly have to find themselves sharing their toys, interests, and their parents' attention with another child, or children.

The council is constantly striving to improve services for adults and vulnerable children.

That is why I am delighted that our new disability hub in Dunstable is already proving hugely popular with the children and families that use it.

As well as offering great play facilities for youngsters, it allows their parents to access

James Jamieson, the leader of Central Bedfordshire Council, on the work of foster carers and why you should register to vote

all of the services they require under one roof, rather than having to make time-consuming journeys across the region to do so.

This joined-up approach to providing different services can only help to improve the lives of our residents.

People may automatically think of roads or refuse collections or school places when you mention the word 'council' to them.

However, we are proud to offer hundreds of services to everyone across Central Bedfordshire, and are always keen to hear residents' views – both in consultations and at the ballot box.

I can only hope that the

surge in political interest across the country prompted by the recent Scottish referendum will be reflected in next May's national and local elections.

Your views on local and national issues really do matter, and that is why, if you have not already done so, I urge you to check that you are registered to vote.

Changes to the system mean that rather than the head of the household registering everyone to vote, now it is the responsibility of each person living there.

To find out more about this and to register, go online and visit [www.gov.uk/register-to-vote](http://www.gov.uk/register-to-vote)

Decent food even if the service was a little on the slow side

## FOOD REVIEW

**Nakorn Thai Restaurant**  
Wellington Street, Luton  
Written by Mr E Diner

FOR the past year I have become partial to some Thai street food for lunch, so last Saturday I decided to take the plunge and have a proper three-course meal at the Nakorn restaurant, one of the many Thai eateries in Bedfordshire.

To kick things off, my companion and I had a starter selection of marinated chicken on skewers, springs rolls, deep-friend corncakes, tiger prawns in crispy batter, toasted prawns with sesame seeds and a 'golden parcel' filled with marinated minced pork and vegetables.

Although it took a disappointing 30 minutes to arrive, the dish was an appetising well-cooked meat heavy starter with a lot of crunch provided by the fried food items and shredded carrot salad.

Mains, which arrived on time, consisted of spicy fried rice and crispy fried fish in light batter served in a rich curry sauce and lime leaves for myself, and stir-fried Thai rice noodles with chicken, prawns, eggs, bean sprouts and ground peanuts for my companion.

The curry sauce slightly overpowered the taste of the fish, resulting in an unbalanced combination in my opinion.

However, my companion's rice noodles had the right texture and balance of flavours, with her only qualm being the portion was too large for her to finish.

For dessert I enjoyed a very warm and sweet deep fried banana fritter with vanilla ice cream whilst my companion had scoops of vanilla, strawberry and chocolate ice cream.

# Dracula movie lacks real bite

## FILM REVIEW

**Dracula Untold**

**Rated 15, 92 mins**

Showing now at Luton Cineworld

Review - Rachael West

**ASPIRING** star Luke Evans, notable as Bard in *The Hobbit*, takes on his first lead role as Vlad Tepes in *Dracula Untold*.

The peaceful rule of Vlad III Tepes is threatened by the arrival of Sultan Mehmed II who demands 1000 boys for his army, including Vlad's son Ingeras.

To save his son and his kingdom, Vlad journeys to find an ancient sorcerer and enters into a dark bargain that gives him the power to defeat his enemies.

But there's a catch – after three days he will become weak and will have an insatiable thirst for human blood.

While the film is mildly entertaining with decent acting from lead man Luke Evans, it might have been best if this story had remained untold.

The story attempts to reinvent the iconic vampire by touching on vampire lore and

the historic tales of Vlad the Impaler, but does neither any justice as it attempts to cobble them together.

Clunky writing and awkward dialogue grind the film to a halt and the flimsy story does little to get it going again.

Evans handles both the action and the drama well, his furrowed brow and intensity the film's only saving graces.

Set against the stunning backdrop of Northern Ireland the fight scenes are impressive and special effects that turn Vlad into a vortex of bats are a great touch.

But considering the violent and bloodied history of the title character where is all the blood? Far from being a grotesque need, the lack of red stuff defies the very nature of Dracula and makes the whole affair rather dull.

The fangs, fighting and bloodlust come together well and are even a little entertaining but the film lacks any real quality to do the Dracula story justice.

While Bram Stoker is credited as one of the writers for the film, we can only imagine him spinning in his grave at this latest re-hash.

# £565,000 – Wilstead, Beds

## Compass New Homes: 01234 343450

- Five bedrooms
- Luxury kitchen
- Double integral garage
- Private driveway
- Gas central heating

SET in a quiet rural location in Dane Lane, Wilstead, this superb, traditional two-storey family home offers substantial accommodation with a large garden and open views.

The property comprises lounge, dining area, kitchen, utility and cloakroom on the ground floor. The first floor has a master bedroom with ensuite, three further bedrooms and a fifth bedroom which could also be used as a family room.

Built to an extremely high specification by Wheatley Homes, the accommodation offers a luxury kitchen with built-in appliances, complementary floor and wall tiling throughout, double-glazed windows, gas-fired central heating, fitted wardrobes to most bedrooms, a double integral garage, private driveway and turfed front and rear gardens.

The Grange is situated towards the western end of Dane Lane, a private road accessed via the new Wixams village development.

Wixams itself will become a new town in its own right and along with the recently established Lakeview Primary School will also boast a community centres and local convenience shopping parade.

In time, Wixams will also have its own 'High Street' shopping area along with many other facilities including a new rail station. Travelling by roads is also made easy with immediate access to the A1 and M1 and connecting with roads to both Cambridge and Milton Keynes.

This small development offers just five properties with only three remaining. Plot 4 is on the market at £565,000 and internal viewing is highly recommended to appreciate the quality this family home offers.

## PRESS RELEASE

SEPTEMBER 2014

### Prime time to sell, says Connells

#### *Agent asks sellers to set them the 'Six Week Challenge'*

As the nights start to draw in, local estate agency Connells in **Luton** is pleased to report it is seeing several rays of light in the local property market. The agent has experienced a rush of activity as homeowners look to secure a sale and move before the Christmas holiday season begins so has reinstated its 'Six Week Challenge' campaign, giving homeowners a chance to sell their property in record time and for the best price.

Connells' 'Six-Week Challenge' is designed to help those looking to move home find a buyer more quickly. Utilising all of the team's expertise and knowledge of the local housing market, Connells pulls out all the stops to get participating properties off the market in under six weeks.

"There are many reasons why people want to sell their homes as quickly as possible," says Lee Clark, Branch Manager for Connells. "For many, it's down to personal circumstances, such as relocating for work, while some have set their sights on a dream home and need to secure a sale on their current property before putting in an offer.

"Whatever the reason, Connells' 'Six-Week Challenge' is designed to help these individuals achieve a sale in a short timeframe," Lee continues. "We've run this campaign before with much success so I would urge anyone wanting to sell their home quickly to contact us at the branch and achieve winning results in just six weeks."

Connells in **Luton** is seeing a greater degree of confidence across the market from sellers. This is great news for buyers who are getting more choice but demand is still outweighing supply.

"It is not unusual at this time of year to see more people looking to move," Lee continues. "We often find with the summer over and children back at school people can turn their attention to moving home. Whether you are buying for the first time, upsizing, downsizing or looking for that ultimate dream home, now is a great time to get the ball rolling if you want to move before Christmas."

If you are interested in participating in Connells' 'Six Week Challenge' and would like to book a free market appraisal, please contact your local Connells branch on **01582 450999** or email: **Luton@connells.co.uk**.

THE CENTRAL BEDFORDSHIRE COUNCIL (WOODSIDE LINK HOUGHTON REGIS) DEVELOPMENT CONSENT ORDER 2014

THE PLANNING ACT 2008 AND THE INFRASTRUCTURE PLANNING (ENVIRONMENTAL IMPACT ASSESSMENT) REGULATIONS 2009

NOTICE OF A DECISION ON AN APPLICATION FOR AN ORDER GRANTING DEVELOPMENT CONSENT

The Secretary of State for Transport gives notice under regulation 23 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 that a decision has been made on an application by Central Bedfordshire Council of Priory House, Monks Walk, Chicksands, Bedfordshire SG17 5TU, for an order granting development consent under the Planning Act 2008 ("the application").

The application was for development consent to construct a new road linking the Woodside Industrial Estate in Houghton Regis to the planned Junction 11A of the M1, and to carry out all associated works. The Order permits the Council to acquire, compulsorily or by agreement, land and rights in land and to use land for this purpose. The Order also makes provision in connection with the maintenance of the new section of highway.

The Secretary of State has decided, following consideration of the report of the Examining Authority who conducted an examination into the application that development consent should be granted for the project, and has therefore made the above Order under section 114(1) of the Planning Act 2008.

## THREE MAX

The Ford C-MAX compact MPV has been treated to a wash and brush up. Cleaner styling and engines are a big draw, with the introduction of a Focus-style dashboard and a 1.5-litre diesel powerplant that'll be the big seller here in the UK. Refinement has been improved and there are a stack of high-tech options to consider.

The C-MAX was always an easy pick for anyone who enjoyed driving. It was by far the best car in its class when showed a B-road. Now that the Golf SV is around, that superiority is no longer quite so cut and dried, but it's still a class act.

Particular attention this time round has been paid to improving refinement. Noise, vibration and harshness have been improved through the use of thicker side glass and more absorbent seals around the tailgate and rear view mirror. The engine bay heat shield has been filled with acoustic damping material to reduce powertrain noise and diesel variants are equipped with extra acoustic seals to further reduce noise intrusion. A re-tuned dual mass flywheel helps to reduce shaking forces when the engine is under load, while revised engine mounts offer improved refinement during Auto-Start-Stop operation.

The star of the engine line-up is the 120PS 1.5-litre TDCi diesel engine, seen for the first time in the C-MAX, replacing the old 1.6-litre unit. Power goes up by five per cent while emissions drop by six points. There are also the multi-award winning 1.0-litre EcoBoost petrol engines, offered once again in 100 and 125PS outputs. The big banger in the range is a revised 2.0-litre diesel.

The design of this C-MAX is evolutionary, with many of the details being brought up to date to reflect contemporary Ford

thinking. The dynamic styling delivers a stronger, sleeker front end, featuring Ford's distinctive inverted trapezoidal grille. The washer jets have been hidden underneath the windscreen to give a cleaner look while the tailgate has been given a smoother and more sophisticated one-piece appearance. Inside, you'll find a dash that's a lot less fussy than the previous model, reflecting the customer-led design refinements that have already been executed on the Focus. There are fewer controls and switches, while the new black satin trim and chrome detailing contributes to a cleaner look.

Functions are simpler to use, such as the air-conditioning controls that now feature buttons that are easier to recognise and distinguish from each other. Practicality improves too, with a redesigned centre storage console. The seats still tumble down individually in one motion to create a flat floor, with over 470-litres of space with all five seats in place.

In truth, Ford didn't need to do a whole lot to the C-MAX to keep it right at the head of the pack. The improvements to the interior and the big efficiency gains leveraged by the 2.0-litre diesel, as well as the introduction of the 1.5-litre diesel, are all worthy updates but the overall look, feel and appeal of the C-MAX hasn't been markedly altered.

Still, the arrival of new entrants into this market, most notably the Volkswagen Golf SV, means that if Ford had been content to rest on its laurels it could well have seen the C-MAX rapidly slip from grace. As it stands, this much improved second generation car looks to have what it takes to keep its rivals on its toes for some time yet. The more some things

**LEAGUE TWO  
LUTON TOWN  
SOUTHEND UNITED**

 X  
X

 BY JAMIE MAY  
sport@lsnmedia.co.uk

**WHISPER it perhaps, but Luton Town are on a roll after dispatching Southend without ever hitting top gear to leapfrog the Shrimpers into the League Two fourth spot.**

Alex Lawless' sublime curler opened the scoring on 17 minutes with Town's first shot on target before a goalkeeping howler resulted in Mark Cullen doubling Luton's lead on 34 minutes for his fourth of the campaign.

In truth, they had done little in the first half to find themselves with that advantage but this is a results business and Town are now six games unbeaten in the league and enjoying a four-

game winning streak.

With interests expired in a second of three cup competitions – after Tuesday's 1-0 Johnstone's Paint Trophy exit to Crawley – Town are virtually free to concentrate on a League Two campaign that is gathering momentum with every passing week. Memories of last term abound.

While they're starting to find a clinical edge in attack their defence was again exemplary to keep a sixth clean sheet this term, marked by a commanding display by Luke Wilkinson.

On the eve of this clash the centre back was named the division's player of the month, while manager John Still told this newspaper that he won't hit top form until next season.

What a player they'll have on their hands by then because, at the moment, he already looks a class above the fourth tier.

Elsewhere, Andy Drury and Jonathan Smith had their most influential games, the latter's

best since returning from a broken foot and a lengthy spell on the sidelines.

That's where Lawless has spent much of the last three months but, after recovering from a hamstring injury, he was restored to the starting line-up for the first time in the Football League and quickly made up for lost time.

The Welshman opened his account for the campaign with a stunning effort from the corner of the 18-yard box that curled and looped over the outstretched glove of Daniel Bentley.

Lawless was one of six changes from Tuesday's midweek Trophy exit with Drury, Pelly Ruddock Mpanzu and Cullen also returned to the starting line-up, while on-loan Queens Park Rangers right back Michael Harriman was handed his debut.

United scarcely troubled Mark Tyler but the Town stopper was forced, in the first half, to tip over his bar from Kevan Hurst's cross-cum-shot, but moments later Bentley's blunder gift-

## Luton win and Stockwood bag seven tries

### RUGBY UNION

 BY TIM BARTLETT  
sport@lsnmedia.co.uk

**LUTON RFC** beat Barking 31-24 yesterday giving them back to back wins in London 1 North following last week's 39-0 home-win over Woodford.

Luton, pictured, lead 21-12 at half time following tries from Sam Pacey, Tesh Edwards and Craig South, all converted by Rik Hobbs.

A second-half try from Craig Davis, converted by Tom Mahendren, completed the home-side's scoring and ensured it was a second win in a week for Paul Allen's side at Newlands Road.

Luton travel to Old Priorians next weekend where they'll be looking to back up yesterday afternoon's success.

**DUNSTABLIANS** lost 31-24 on the road at Leicester Forest in Midlands 2 East South as they were unable to build on their first league win of the season at Wellingborough a fortnight ago,

making it one league win from four this season.

Prior to this weekend's game they were tenth in the league, and with an away fixture with Market Harborough next weekend, who beat Stewarts & Lloyds yesterday, the games will not be getting any easier for the Dees.

**STOCKWOOD PARK RFC** ran riot in Northampton, beating Mens Own 43-20 in Midlands 3 East South.

Seven tries were run in by Ben Griffin (2), Alex Lovell (2), Trevor Foster, Kyle Jennings and Alex Harnett, with eight points from the boot of Jason Carr.

"Stockwood were in control, with some occasional lapses in concentration that allowed Northampton their points," said Stockwood's President John Humphries.

"We set out to win, and get the bonus point," added Stockwood's number eight Griffin.

"They scored three tries off our mistakes – some ill-discipline – allowing them to kick penalties into the corner which they capitalised on."

Lovell enjoyed a successful summer rugby league season with the Bedford Tigers.

"Alex played really well, breaking off the back of the scrum," added Griffin.

"We just stuck to our game plan, and it worked. We've got Oundle next week, who are playing really well, so that'll be a tough game."

"We were seventh before this afternoon's game, but having beaten Northampton we're now third, it's wide open."

HAPPY SPECTATORS: The Luton Town bench watches on

# strike as Town go fourth

ed the Hatters a second.

Drury benefitted from a miskick and, from 25 yards out, the midfielder slipped in Cullen who took one touch to size up his target before burying. Town took the lead into the break.

Southend had made all their substitutions by the time the teams re-emerged and they started with more verve, Jack Payne adding some impetus to a previously impotent attack. It wouldn't last. Wilkinson and co made sure of that.

Ruddock Mpanzu grew in stature and caused havoc with a dart to the byline and a cut back to Scott Griffiths who lashed into a United leg.

At one end, Ryan Leonard shot waywardly from a corner but was then on target when he found a timely last-ditch tackle to deny Lawless after Cullen had teed him up. Everyone bar referee Christopher Kavanagh thought it was a corner.

Wilkinson came close to his third goal in as many league games when he sent a bullet header just past the angle of post and bar, while Mpanzu sliced wide a difficult chance when trying to capitalise on another Bentley error.

Frustration had already started to rear its head for Southend with three bookings before the 72nd minute when a shoving

match ensued on the touchline with Ruddock Mpanzu the victim.

United assistant manager Dave Penney was deemed the main offender and sent to the stands, forced to take long, ignominious walk around the pitch past the noisy Hatters faithful in the corner of the Main Stand.

They knew by then it was job done - "up the Football League we go" they sang.

## Solitary Canvey Island goal sends Rovers out of FA Cup

### FOOTBALL

BY NICK SMITH

sport@lsmedia.co.uk

BARTON Rovers went out of the FA Cup by the narrowest of margins yesterday, losing 1-0 at Sharpnhoes Road in their third qualifying round tie against Canvey Island.

The damage was done just after the half hour mark, when the visitors netted the only goal of the game after a slow start from both sides.

Ben Marlow played in an excellent ball over the top to John Sands and the Canvey striker made no mistake, firing a powerful shot past

goalkeeper Kyle Forster.

Despite the setback, Barton kept at the visitors and almost levelled the tie with 38 minutes gone, when Keshi Anderson had a shot cleared off the line.

On the hour mark, Barton again could have equalised when Louis Lee shot at goal, only to see it cleared off the line yet again by Rio-Bryan Edwards.

As the game drew to a close, Barton upped the pressure on the visitors as they looked for that the crucial and, ultimately, elusive goal.

With 81 minutes on the clock, Tony Burnett fired just wide from a half volley, before launching a dangerous cross into the box

which West Ham loanee goalkeeper Tim Brown was called into action to deal with.

Lee had a chance soon after, but fired wide of the target.

The game ended on an ugly note with a melee between players of the opposing team as frustration set in, but it is Canvey Island who progress to the Fourth Qualifying Round.

Dunstable Town are drifting away from the leaders in the Southern Premier League, having picked up just one point in their last two games.

Following a midweek loss at home to struggling Banbury United, they battled to a 2-2

draw against Corby Town.

The two top sides in the division faced each other yesterday too, with St Neots winning 3-2 at home to leaders Poole Town, leaving Dunstable three points off second place and six off first.

In the Spartan South Midlands Premier Division, AFC Dunstable enjoyed a 2-1 victory over Huddesdon Town at Creasey Park.

There was also a win for Kent Athletic, who beat visiting Wolverton Town 4-0 in Division Two.

Crawley Green are into the next round of the Bedfordshire Senior Trophy after a 4-0 victory at home to Totternhoe in round one.

# Lawless makes a sweet return to end 'nightmare'

## HATTERS

BY JAMIE MAY  
[sport@lntmedia.co.uk](mailto:sport@lntmedia.co.uk)

**ALEX Lawless admitted his eight-year wait for a Football League return had been a "nightmare" but has been made all the more special for doing it with Luton.**

The Welshman finally recovered from a hamstring problem to make his first start of the campaign and he marked the occasion by scoring the opener as Town beat Southend United 2-0 yesterday.

Having made his Football League debut for Torquay in 2005 Lawless dropped into the Conference a year later with Forest Green and then signed for the Hatters in 2010 via three years at York.

After repeated failed attempts Luton finally achieved promotion in style last term but Lawless' wait for a start and a goal

continued as his persistent injury saw him feature just once as a substitute in September's defeat to Plymouth.

On his wait for a Football League start Lawless said: "It was a nightmare and highly frustrating but you've just got to dig in."

"People have moments like that, we all do, and hopefully I'm past that."

Lawless admitted that he feared the Football League would elude him, saying: "There were times, more so after play-off finals when they were really hard, but I knew how important it was to shift that mentality so I didn't dwell on it."

"There were times I did think about it but I tried to use it for what it was and it seemed to work out and I'm just enjoying doing it now for Luton."

"I had a lot of mates who were really good players who didn't manage it [playing in the Football League], so I was quite realistic

about it. There are a lot of opinions in football and it was a matter of getting my head down but, in some ways, maybe this is just the way it was for me."

"I couldn't be happier doing it now for Luton Town."

Lawless' top corner curler on 17 minutes was Luton's first shot on target and set the tone for a comfortable win over the Shrimpers in which Mark Cullen also notched his fourth of the campaign to lift them to fourth in the league.

Asked if his goal was all the sweeter after his wait, Lawless said: "Yeah, definitely. If things hadn't have worked out the way they had maybe I wouldn't have got the chance to play for a club like this in the league, so I just count myself lucky."
